

Just Another
Way To Pay

Are you feeling the Impact of Inflation?

Your South Carolina Legislators Have THE ANSWER.

Imagine a South Carolina Gold-Based Constitutional Currency you can spend with a debit card like this that keeps up with inflation!

Introducing your South Carolina Transactional Gold Card! With this card, you can transact in gold or silver! Simply set up an account at an official South Carolina State Depository and conveniently exchange your dollars into South Carolina gold or silver and start spending or saving just like you do with a regular bank account.

Combine existing technology with US Constitution Article 1, Section 10 and you have what we call Transactional Gold – a debit card with full electronic features like Apple Pay or Samsung Pay but issued by South Carolina.

This South Carolina gold debit card will represent the amount of physical gold you have held in an Official South Carolina State Depository and represented in your debit card wallet.

Spend it! Go to a restaurant, use your South Carolina Gold/Silver debit card to pay for your meal in gold, rather than paper money.

Save it! Don't want to spend your gold or silver? Hold it in an official South Carolina State Depository and let it rise during inflationary times. Have confidence it is there for a rainy day and easily transactional when needed.

Now everyday Americans can buy, sell, and hold gold easily! It sounds like science fiction, but it is available today through commercial applications like Gold Debit Cards, but the gold is typically held in Switzerland. As South Carolinians our gold should be in South Carolina, not Switzerland. Plus, being a South Carolina card it comes with the other benefits of legal tender.

With the successful passage of this legislation, your South Carolina Legislators can create a place for everyday Americans to protect their finances!

DISCLAIMER: THIS IS NOT A REAL OFFER OR DEBIT CARD. This is for illustrative purposes only in support of this legislation.
