TransactionalGold.com

Introducing your Texas Transactional Gold Card! With this card, you can transact in gold! Simply set up an account at the Texas Bullion Depository and conveniently exchange your dollars into Texas gold and silver and start spending or saving just like you do with a regular bank account.

Combine existing technology with US Constitution Article 1, Section 10 and you have what we call Transactional Gold – a debit card with full electronic features like Apple Pay or Samsung Pay but issued by Texas.

This TTC gold debit card will represent the amount of physical gold you have held in the Texas Bullion Depository and represented in your debit card wallet.

Spend it! Go to a restaurant, use your TTC debit card to pay for your meal in gold, rather than paper money.

Save it! Don't want to spend you gold? Hold it in the Texas Depository and let it rise during inflationary times. Have confidence it is there for a rainy day and easily transactional when needed.

Now everyday Americans can buy, sell, and hold gold easily! It sounds like science fiction, but it is available today through commercial applications like Gold Debit Cards, but the gold is typically held in Switzerland. As Texans our gold should be in Texas, not Switzerland. Plus, being a Texas card it comes with the other benefits of legal tender.

With the successful passage of these bills, Your Texas Legislators have created a place for everyday Americans to protect their finances!
